Content

Content will include a guided preview to the full Conference Programme, the Exhibitors' list and floor-plan and the Social and Networking Calendar.

New Technology

There will be a preview of the many new technologies being launched at the event to ensure that those planning their attendance get maximum benefit from their visit to Offshore Europe 2009.

Circulation

The print run of the Official Preview will be 35,000 copies and distribution will be two-fold. It will be mailed to the entire pre-registered database to Offshore Europe 2009 to assist attendees with planning their participation at the event and will be hand delivered throughout leading offshore technology companies offices in the Aberdeen region.

Global Circulation

Plus, as a unique direct benefit of Offshore Engineer producing the 2009 Offshore Europe Official Preview, a digital copy will be emailed to the entire global circulation of Offshore Engineer magazine, which will provide in excess of 33,000* additional readers. *  BPA JUNE 2008
